Abstract:

My Alcohol-Free Sulphate Free Herbal and Natural Antibacterial Instant Germ Protection Hand Sanitizer is a germ protection spray that kills 99.9% bacteria and virus instantly without water- anytime, anywhere. This product is free from alcohol, sulphate, synthetic dyes, and formaldehyde and is extremely gentle on the skin. Herbal and Alcohol-free Hand Sanitizer contains Herbal Nanoparticles with anti-microbial properties that help in eliminating bacteria, virus and other germs

It has a long-lasting formula so you don't have to apply it repeatedly on your hand and it is a non-sticky, water-based formula which leaves your hands clean, sanitized, and fresh without the need for soap, water or towels.

Market Size:

The global Hand Sanitizer market is experiencing enormous growth due to the outbreak of the COVID-19 pandemic. It has witnessed a growth of around 500% in 2020, and this growth may be repeated again. Revenue in the Hand Sanitizer segment amounts to US\$2.95bn in 2022. The market is expected to grow annually by 4.07% (CAGR 2022-2027). In global comparison, most revenue is generated in the United States (US\$600.40m in 2022).
